1. National planning for industrial construction is performed by the central enterprise Iparterv, which is subordinate to Main Department VII (also known as Planning Directorate - VII Főosztály, Tervezési Igazgatóság) of the Ministry of Construction. 25X1
2. Iparterv is headed by Dr. Jenő Szendrői and employs six chief engineers, one of whom is László Pavlovitz. Its eight departments are assigned the following duties:
 - a. Department 1 - small power plants and various new industrial enterprises.
 - b. Department 2 - chemical and machine factories.
 - c. Department 3 - housing projects for industrial workers and various factories.
 - d. Department 4 - mining, aluminum industry, and housing projects. Miklós Takács is the department head.
 - e. Department 5 - building materials industry.
 - f. Department 6 - large power plants. Gyula Mátrai-Gottwald, an outstanding engineer of ethnic German origin, is the department head.
 - g. Department 7 - agricultural construction, such as machine stations.
 - h. Department 8 - foodstuffs industry and agriculture. Iván Taberl is the department head.
